**37 CFR 1.321 TERMINAL DISCLAIMER OVER AN APPLICATION BY ASSIGNEE**

ASSISTANT COMMISSIONER FOR PATENTS

POB 1450 Alexandria VA 22313-1450

Sir:

Petitioner, Edwards Lifesciences Corporation, is the owner of the entire right, title and interest in and to the invention claimed and disclosed in the above-captioned patent application by virtue of assignment.

Your petitioner hereby disclaims and dedicates to the public a terminal part of the term of any patent granted thereon equivalent to the period of abandonment of the application, this agreement to run with any patent granted on the above-captioned application and to be binding upon the grantee, its successors or assigns.

Your Petitioner does not disclaim any terminal part of any patent granted on the above-captioned application in the event that any said issued patent later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

**CERTIFICATION UNDER 37 C.F.R. 3.73(b)**

I, the undersigned, certify that I am an attorney of record individual empowered to act on behalf of petitioner Edwards Lifesciences Corporation pursuant to 37 CFR 1.321(a)(1), that Edwards Lifesciences Corporation is the assignee of the entire right, title and interest of the above-captioned application by virtue of an assignment from the prior assignee of said application, said Assignment having been recorded in the U.S. Patent and Trademark Office at reel no. 010901, frame 0274.

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
